

REMA TIP TOP/North America Inc

# RAD100 SERIES

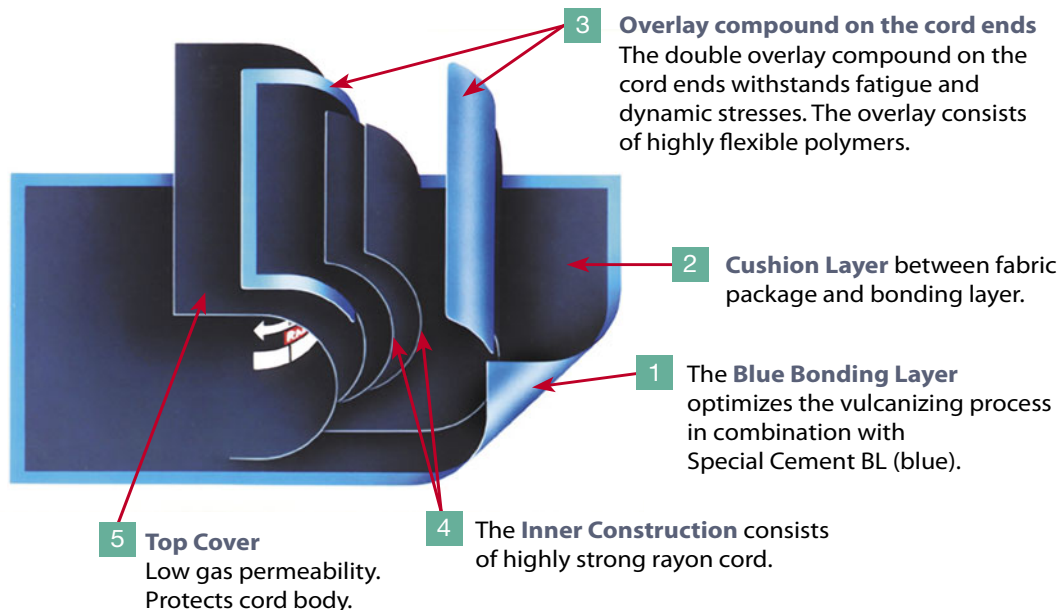

## Radial Repair Units

Automotive

REMA TIP TOP's popular RAD100 Series Radial Repair Units are integral components of our Blue Bonding system, incorporating lock-down compounds that withstand fatigue and dynamic stresses throughout the life of the tire repair. When used with Special Cement BL, these repair units become a dynamic part of any radial tire. RAD100 Series Repair Units can be cold or hot vulcanized and come in an extensive range of sizes, making them an ideal choice for Tire Dealers, Retreaders or Fleets.

### RAD100 SERIES Radial Repair Unit construction

### Rema Tip Top leads the tire repair industry because...

- We are first and foremost a **rubber company**
- We **engineer** compounds and chemicals to be application specific
- We test our products with in-house **test wheel** verification
- We provide the **longest shelf-life** materials in the industry
- We provide **training** materials and field representation
- We make our products **readily available** through superior distribution
- We have a **history of over 80 years** of innovation and quality

### We supply your workshop
