GLOVE GUIDE

VOLUME 18

PROTECT YOUR HANDS

The Mechanix Wear® Original Glove® started the high performance work glove category. Eighteen years of analysis, development, and innovation have created 55 different styles of work gloves from the Original®. They all have their own story and their own way of providing hand protection. From basic protection to gloves that are fire retardant, this is the roadmap to finding the right type of hand protection you need.

THE ORIGINAL®

THE GLOVE THAT STARTED IT ALL

Designed and manufactured to take on the toughest tasks you can throw at it, our Original Glove provides a winning combination of versatility and performance. The Clarino Synthetic Leather palm and fingertips extends the life of the glove, while the Thermal Plastic Rubber hook and loop cuff closure and two-way stretch Spandex top provides a perfect fit. *Imported*

- AVAILABLE COLORS

 - MG-02 RED
 - MG-03 BLUE
 - MG-05 BLACK
 - MG-06 GREEN
 - MG-09 ORANGE

SECURE FIT
Innovative, wrap-around rubber molded wrist closure forms better to wrist and improves comfort.

COMFORTABLE FIT
Uniquely ribbed 2-way stretch Spandex top increases stretch and flexibility for an even better fit.

REINFORCED THUMB
High dexterity fingertips and 2-ply thumb reduces wear and increases protection.

Designed and engineered exclusively for a woman's smaller hand, our Women's Glove gives you a super-firm grip by using a Clarino synthetic leather palm. We then add comfort and ventilation by incorporating a two-way stretch Spandex padded back and stretch panels between the fingers. To top it off, our MRT series inspired cuff and thumb fit make this a no-nonsense glove perfect for all around use. *Imported*

THE ORIGINAL®

0.5

ORIGINAL SPECIALTY LINE

The Original 0.5 Glove answers your demands for high dexterity and pin-point performance. By using a thinner 0.5mm dimpled Clarino Septon, we have combined precise feedback with a skin-like fit and feel. Interior seam stitching, two-way form-fitting Spandex back, an improved cuff and thumb fit with Lycra panels between the fingers make for optimum performance. *Imported*

- AVAILABLE COLORS
- HMG-05 BLACK

SECURE FIT
Low-profile rubber molded closure forms a secure fit.

ULTRA FEEL
0.5mm Clarino forms a second skin for dexterity and comfort.

REINFORCED THUMB
High dexterity fingertips and 2-ply thumb reduces wear and increases protection.

A glove that doesn't compromise on traction and grip, the Original Grip Glove's specially developed design includes a dual-layered PVC coated, chevron pattern palm for super grip along with a two-way stretch Spandex back for flexible performance. The anti-snap interior seam stitching, improved cuff, and Synthetic Leather fingertip reinforcements make the Original Grip Glove a form fitting, high-performance tool. *Imported*

THE ORIGINAL® PLUS

ORIGINAL SPECIALTY LINE

When you need sturdy, you need our Original Plus Glove. We started by improving traction with a raised pattern to maximize the thumb and finger grip. From there we added a two-way, form-fitting Spandex back and stretch insert panels between the fingers for comfort, and an index finger knuckle reinforcement band for protection. Finally, we integrated an improved cuff and thumb fit to provide for easy entry and increased flexibility. *Imported*

AVAILABLE COLORS

● MGP-08 BLACK

EXTRA DURABILITY
Overprinted rubberized grip fingertip panels provide grip and durability.

REINFORCED THUMB
Additional rubberized grip material reduces wear and increases protection.

SECURE FIT
Low-profile rubber molded closure forms a secure fit.

A glove that absorbs punishment so your hands don't. The M-Pact® Glove has been designed with an anatomically engineered direct sonic welded rubber top and EVA foam palm pads for improved protection. For exceptional performance the glove gives you tapered finger stretch side panels and a new Spandex stretch panel thumb area. The wrap-around rubber molded wrist closure adds additional protection. *Imported*

COMMERCIAL GRADE FRAMER

Protection. Flexibility. Comfort. Mechanix Wear has taken the real-world demands of framers, added the technology learned at the racetrack, and integrated the two into a single glove that will blow away anything you've come to expect from a framer's glove. The CG Framer Glove gives you a combination of Genuine Leather and Clarino MWX-2 Synthetic Leather for improved durability, an anatomically shaped padded palm for maximum movement and protection against abrasion and fatigue, and a fingerless index and middle finger to deliver the utmost sensitivity when handling nails or other small items. *Imported*

AVAILABLE COLORS

● CG17-75 BLACK

FINGERLESS DESIGN
Ultimate dexterity for handling nails and other small items.

LEATHER
Anatomically shaped padded leather areas for comfort and durability.

LIGHT KNUCKLE PROTECTION
Anatomically shaped light padded top.

COMMERCIAL GRADE IMPACT PRO

Step up the fight against hand fatigue with the CG Impact Pro. This high endurance glove protects your hands against extreme stress and exhaustion that comes from using heavy equipment. To do that we've fused dual layer palm panels with extra padding along the middle of your palm to prevent blistering. Then we've added flexible molded rubber ribbing to the top of your hand and knuckles to create a flexible exoskeleton that supports and protects. Top that off with combined Genuine Leather and durable Clarino Synthetic Leather and you have a glove that will keep you working comfortably throughout the day. *Imported*

AVAILABLE COLORS

● CG30-75 BLACK

LEATHER
Leather reinforced fingertips and thumb for added durability.

IMPACT PROTECTION
Molded rubber design adds knuckle protection.

PADDLED PALM
Extremely durable anatomically patterned foam and synthetic palm panels for comfort and protection.

COMMERCIAL GRADE HEAVY DUTY

The CG Heavy Duty Glove can easily handle the toughest punishment your job can dish out. This glove is our top-of-the-line answer for the workforce requiring the ultimate protection against impact, abrasion and fatigue. Manufactured with features such as comfortable and breathable Genuine Leather, a multi-zone padded palm combined with flexible molded rubber ribbing for protection, and a low profile wrist cuff that allows for a full range of motion when using tools. *Imported*

100% LEATHER
All leather palm and dual layer fingertips and thumb offer ultimate durability.

KNUCKLE GUARD
Molded rubber design protects against impacts and abrasions.

EMBOSSED REINFORCEMENT
Dual-layer embossed reinforced thumb and fingertips for grip and durability.

FOUR REASONS WHY MECHANIX[®] GLOVES WORK

INNOVATION

Innovation is the burden of every category leader and we accept the challenge with enthusiasm and pride. We constantly create new types of gloves and new designs that drive this emerging category. Endless hours of research and development go into creating gloves that truly fit, feel, and function. Other gloves may look similar, but only Mechanix Wear[®] makes The Original[®] Glove.

QUALITY

With years of experience making gloves, Mechanix Wear[®] knows quality control is serious business. This is why we employ quality control specialists to create, implement and enforce quality control standards in all our facilities. Then we continue checking the fit, feel, and function of gloves all through our system until they ship to you.

EXPERIENCE

The high performance work glove needs to fit like a second skin for you to work in it regularly. Therefore, we go to extremes to supervise the consistent manufacturing of our perfect fitting gloves. For 18 years, we've designed, tested, checked and rechecked our glove patterns so that all our gloves truly fit like a glove.

BRAND RECOGNITION

We have spent millions of dollars building the product category and our brand. Mechanix Wear[®] reaches over 100 million customers monthly through television, print, radio and racing events. Your customers will ask for us by name. Mechanix Wear[®] Gloves. The Tool That Fits Like A Glove[®].
